

# Homeowners Design Center

Years in Business: 55

**IMAGINE AND EXPLORE AT HOMEOWNERS DESIGN CENTER, A FAMILY-OWNED KAMAAINA COMPANY.** Whether you're remodeling, renovating or starting new construction, Homeowners Design Center is a valuable resource for cabinets, flooring, countertops, appliances and more. Contact the friendly Homeowners Design Center staff today for a free consultation.

## Top Three Products:

1. American-made cabinets may be a bit more expensive, but they offer a high-quality foundation for any kitchen or bath project and a lifetime warranty.
2. Quartz countertops are durable, scratch-resistant options. Homeowners Design Center offers premier products that won't stain, chip or discolor.
3. Luxury vinyl planks are popular for functional and aesthetic flooring. Many brands offer a range of colors and reliable warranties.

## Top Three Design Tips:

1. Hire a professional for your project. Some offer free consultations to help homeowners avoid construction pitfalls early on.
2. As you seek industry professionals with experience in projects like yours, ask for references. They can offer reliable options for your space.
3. Find designers with tools and technology that let you visualize and adjust your project's final design before construction.
